

Visit Annapolis & Anne Arundel County 2023 Santa Maria Cup

A part of the Women's World Match Race Tour

Notice to Competitors #2

The PRO and Chief Umpire have received the following request:

"I am competing In The WWMRT this week in Annapolis and I am writing to request for an exception from SI B4.11 : Prohibited items: "The use of electronic or navigation equipment"

I use a voice amplifier to comunicate with my team on the water. It is just a mic and a small speaker that i wear. It can not receive any signal - it just only function is to amplify my voice a little bit so the rest of the team can hear me. This is nessesary for me as I have damage on my voice. It is a little bit like my version of a hearing aid. It does not give me any advantage - it can just compensate a bit for the fact that I dont have a normal voice function.

I therefore ask for permission to sail with it during the regatta this week.

I was granted permission last week on the WWMRT In San Francisco and last year on the event In Copenhagen.

Hopeing for the permission and looking forward to a great event.

BR Kristine Mauritzen
Team Those Seagulls"

Reply:

Approved, in accordance with SI Addendum B1.2.
