TEAM PANORAMA II

World
Rank

18

SWEDEN

Skipper Jenny Axhede, 26, is a student.

Team Panorama was formed in 1997 at the prospect of the World Championship in Dubai the following year. The idea was to create a team with the potential to become one of the best women's match racing teams. With Marie Bjorling at skipper, the team has taken a firm grip as the leader of the women's rankings.

Jenny has been with the team since the beginning, as trimmer and co-skipper. During Marie's maternity leave in the fall of 2003, Jenny took over the helm for the team with huge success. They took fourth in the Lago di Ledro W1 event, and second in the Nordic Championships in Roskilde, Denmark. After a tough fight against Paula Lewin, they also took second in the Bermuda Gold Cup. Jenny herself has been quickly climbing the rankings since last fall, and now stands at 18.
